Minister Sent to Jail.

On last Thursday in the United States Court at Scranton Judge Archibald sentenced Rev. Horace E. Zimmerman, of Omaha, Neb., formerly a Lutheran minister at Dickinson, Cumberland county, Pa., to six months in Northumberland county jail and \$500 fine.

Zimmerman graduated from College here in 1889 and in 1892 from the Seminary. The charge against him was sending obscene pictures through the mails. When arraigned Zimmerman pleaded guilty, and gave as his excuse that he needed the pictures for a magazine article.

The pictures were sent to a Carlisle Publishing house who turned them over to the government. Some of the members of his former congregation testified to a good character.

Fichte Program.

The Philosophical Society and Der Deutsche Verein, two societies organized this year among the students of the college and seminary, held a joint meeting last Thursday evening in honor of the German philosopher Fichte. The present year marks the hundredth anniversary of Fichte's addresses to the German People. These addresses were delivered in Berlin during the winters of 1807-08 while that city was practically in the hands of Napoleon and the French army. The Fichte celebration in Germany this year will attract more attention than the Schiller celebration a few years ago. Prof. Munsterburg, of Harvard University, has extended a call to the German societies and philosophical societies of the colleges of this country to honor the event. The opening address on "The Ad-

dresses to the German Nation," was given by Professor Grimm. He emphasized Fichte's significance to the German people and what it means for the people of United States.

Mr. Mercer, '08, a member of the Philosophical Society, read a paper on "The Life and Thought of Fichte." Professor Sanders gave the closing address on "Fichte as a Philosopher of Religion." Stein '08, and Irvin '09, assisted in the program with musical selections. Mr. Stein sang "Die Bel-den Grenadiere."

Royal Arcanum Convention in June.

At a district meeting of the Royal Arcanum held in Carlisle Wednesday night of last week, it was decided that the order in this part of Pennsylvania celebrate "Arcanum Day," June 23, by holding a convention and meeting at Gettysburg.

Twenty-two councils were represented at the meeting in Carlisle, the meeting being that of the Associated Councils of Southern Pennsylvania, an organization effected within the past year. The territory included is Adams, Cumberland, Franklin, York, Perry, Dauphin, Lancaster and Lebanon counties. One of the best fields of the order. By the time of the meeting in June there will be several more counties added to the district and the affair at Gettysburg will be of quite large proportions. E. A. Weaver represented the local council at meeting.

Arrested for Forgery.

J. M. Claybaugh of Cumberland township was captured last week by County Detective Chas. H. Wilson in Maryland and was brought here last Wednesday.

Claybaugh some weeks ago left his family living near Round Top and rumors began to be circulated that he would have to answer charges of forgery. He hired with a Wm. T. Hassett of Four Locust, Md. for \$18 a month and Mr. Hassett had his suspicions aroused and while in telephone communication here learned the man was wanted in this county for forgery. Co. Detective Wilson went immediately to Mr. Hassett's place and secured Claybaugh who agreed to come with him without request papers.

Information was made against him by S. S. Shriver for forgery of four notes, aggregating \$907, by Calvin T. Lower for forgery of one note of \$15, by N. H. Musselman for one of \$13.50 by Louis Strum for one of \$20.35 and Mrs. L. D. Miller for one of \$22. Citizens Trust Co. hold what is believed to be a note of similar character of \$50. A hearing was given Claybaugh on last Saturday before Justice Hill, who held him \$500 bail in each case to answer charge of forgery at the April Court. Claybaugh is in the custody of Sheriff Colestock.

SKIN CURE A SIMPLE WASH.

External Remedy for Eczema Sufferers Greatly Simplifies the Treatment.

If you are suffering from any burning, itching skin disease, the only way to cure it is to go right after the real trouble—to cure the skin itself.

Thousands of patients have suffered for months in vain attempts to doctor their blood when the whole trouble was bacilli feeding upon the skin and causing the unsightly blotches and sores.

Skin specialists now prescribe a simple liquid wash, easy to apply, which gives instant relief. This remedy is composed of oil of wintergreen to which are added healing vegetable remedies. Oil of wintergreen alone will not cure, but a coterie of experts in Chicago, headed by a noted specialist, experimented with other medicinal properties until they found the proper preparation. The result of their efforts is called D. D. D. Prescription, a sure specific for the cure of skin diseases.

Here is only one instance of what D. D. D. Prescription has done: "My little girl's head was a running sore. D. D. D. Prescription has cured her sound and well."—E. L. Hipp, Phil Campbell, Ala.

If you are suffering from any skin disease, would it not pay you to try one bottle of D. D. D. Prescription? You probably have spent many times the cost of one bottle vainly trying to stop that awful burning itch. People's Drug Store. Call at our store for a free booklet on the care and nutrition of the skin with suggestions as to the use of D. D. D. Soap. This valuable booklet is absolutely free.

ENTIRE CITY INTERESTED IN YOUNG MAN

Cooper's New Theory Attracts Widespread Attention During Stay in Cincinnati.

An adequate idea of the intense interest which has been aroused by young Mr. Cooper during the past year with his theories and medicines is given in the following article which appeared in the Cincinnati Post while Cooper was introducing his ideas to the people of that city. The article says: "The beginning of Mr. Cooper's second week in Cincinnati gives every indication that he is to enjoy the same astonishing success here as in other cities."

"From the first day of his visit the crowds that call to see him have steadily increased, until now it has reached a point where several thousand talk with him each day. The entire city seems to have become interested in his theory that the human stomach is degenerate, and he already has an army of followers in Cincinnati who seem positive that his claims are correct."

"A number of Cincinnatians were interviewed at Cooper's headquarters on Friday, and several interesting statements, showing their intense faith in Cooper's preparations, were secured. The following are selected from these statements and are characteristic of them all: Mrs. M. E. Emerson of 630 West Court street, said: 'I have suffered with stomach trouble and constipation for a year or so. When I ate I would have bloated spells, sour stomach, fermentation, bad taste in my mouth. In the morning I was as

THOSE WHO MOVE LOSE THEIR VOTES.

The citizens who move from one election district to another on April 1 will not be able to vote at the Spring primaries on April 11. The qualifications of electors at primary by primary act is declared to be the same as at an election. One of the qualifications of a voter at the regular election is residence in the district for two months preceding. The primary law provides a punishment for the person voting or attempting to vote knowing he does not possess the qualifications. It is estimated that the flittings throughout the county will disqualify several hundred citizens, but until the law is changed these voters should refrain from any attempt to vote. This condition of those who move losing their votes will only arise in Presidential years, as in other years the primary will be on first Saturday of June, long enough to give any one who moves the necessary residence qualification. Before another Presidential year the primary law will likely be changed to correct the injustice of this year.

THAT SCHOOL QUESTION.

The School Directors of Gettysburg hesitate to build a new school building, but since the publication of the article in the COMPILER last week of actual facts and conditions, quite a number of citizens have expressed themselves as most decidedly against any hesitation on their part in going ahead with a new building. We have not had a single tax payer present to us any opposition to a new building. It is recognized that the conditions demand a new building.

While the subject of schools is under consideration, it is desired to present in the most emphatic manner, that an immediate repair or change is needed in the High street building. The stairway at South end of building should be changed—to-morrow—if it could be done that quick. The Directors ought not to be able to sleep until it is done. All doors in that building open outward as they should, but those at South end of building on second floor open on a flight of stairs. There is no platform or hallway but on opening the door there are steps downward and this would be nothing but a trap in a panic. This trap ought to be removed instantly, in any way an architect might advise. There are 353 children in that building now. Every one of them should be safeguarded to the limit.

The suit was against Austin Gallagher, of Baltimore, and was to recover fees incurred in making mineralogical examinations for the defendant, who is industrial agent for the Western Maryland Railroad Co. Spring Medicine

The best is Hood's Sarsaparilla. It is the best because it does the most good. While it makes the blood pure, fresh and lively, it tones the stomach to better digestion, creates an appetite, stimulates the kidneys and liver, gives new brain, nerve and digestive strength.

An unequalled list of cures—40,366 testimonials in two years—proves its merit.

Sarsaparilla—For those who prefer medicine in tablet form, Hood's Sarsaparilla is now put up in chocolate tablets called Sarsapills, as well as in the usual liquid form. Sarsapills have identically the same curative properties as the liquid form, besides accuracy of dose, convenience, economy, there being no loss by evaporation, breakage, or leakage. Sold by druggists or sent by mail, C. L. Hood Co., Lowell, Mass.

Mrs. J. F. Gee, 50 Gould Street, Stoneham, Mass., says: "In 25 years experience I have never known Hood's Sarsaparilla to fail for spring humors and as a general blood purifier. It cures scrofula, eczema, has no equal as a general spring medicine. It gives me genuine satisfaction to say this."

High Grade Durable Paint---\$1.10 per Gallon

One hundred pounds of Old Dutch White Lead is equivalent to 2 1-2 gallons of paste paint, and it will take 4 1-2 gallons of oil to reduce it to the proper consistency for painting, making a yield of 7 gallons of paint. Assuming 7 1-2 cents per pound as the price for Lead, and 50 cents per gallon as the price for Linseed Oil, your paint, leaving out the Cost of Breaking up and Tinting, would cost you \$1.39 per gallon, and you would then have the kind that DOES NOT WEAR WELL. One gallon of "2-4-1" at \$1.70 and one gallon of Pure Linseed Oil will make TWO gallons of Pure Linseed Oil Paint, at a cost of about \$1.10 per gallon, a saving of 29 cents per gallon. Since this is an easily proven fact, why throw away money on theories? "2-4-1" is economical and modern: Lead and Oil hand mixed, and many ready-mixed paints, are costly and antiquated.

MORAL:---BUY "2-4-1" PAINT.

POLITICAL ADVERTISEMENT.

The Inter-Party Local Option League of Adams Co. was recently organized by a Central Committee composed of nine citizens of Gettysburg representing the Republican, Democratic and Prohibition parties. This committee was authorized by a public mass-meeting in the court-house.

The purpose of the organization is to secure the passage of an effective Local Option Bill by the next legislature, whereby the citizens of our various boroughs and townships may settle for themselves whether they want the Saloon or not. Our movement is based on the sound American principle that the PEOPLE of each community should have power to decide such questions as affect their own peace and order. No one can deny that the Saloon is a costly institution. Its inevitable consequence is poverty and crime the cost of which must be borne by all tax payers. Now we protest that it is unjust and undemocratic that the people of Adams County must assume this burden without their consent. We believe it a hateful tyranny that brewers and distillers, living outside our county, can impose upon us this burden, pocket the fat profits and then leave us to pay the damage—UNLESS WE WANT TO. We are therefore trying to create public sentiment and organize and effectively direct the effort of all men of our county who believe in the principle of local self-government as applied to the Saloon.

Mr. D. C. Rudisill, a candidate for Assembly on the Democratic ticket, has appeared before the committee and solemnly pledged himself that if nominated and elected he will "work and vote" for an effective Local Option bill.

Mr. Wm. P. Baker, a candidate for Assembly on the Republican ticket, and Mr. Abia Schmucker, candidate for Assembly on the Prohibition ticket, have given similar pledges. As soon as the Local Option forces of Franklin county agree upon the candidate whom they will support for State Senator from the Adams-Franklin district announcement will be made. We therefore call upon all who are favorable to the Local Option principle to endeavor to have these men nominated on their respective tickets at the approaching primaries. In thus naming only ONE man for each party we especially disavow any spirit of partiality or any reflection on the sincerity of other candidates who have made similar pledges. We do know however that the Liquor Interests will concentrate their efforts on ONE man and it would be inviting defeat to allow our forces to be scattered. We have therefore chosen in each party the man who having pledged himself for Local Option seems the most likely to win the nomination.

Let our committees and friends through the county use their best endeavors to get our citizens to vote at the primaries, Saturday April 11th. Our campaign is necessarily short—it must be active! See your friends and neighbors; if possible arrange for public meetings in school houses or churches, present the cause and "DO IT NOW."

Very truly,
The Central Committee.

There will be a General Rally of all committeemen, clergymen and interested workers of Adams county in the Court House Monday, April 6, at 2 p. m.

— Local Option—McCleary's school house. All citizens of Freedom township who are interested in the Local Option movement are urged to attend a meeting in McCleary's school house Friday afternoon, March 27th, at one o'clock.

Why Every Deed Should be Recorded

The question has often been asked what is the use of recording and registering deeds in the Recorder's office. There are several very good answers to the above named question, among which are the following. As a matter of fact every moneyed man who loans money on property insists first of all that the deed shall be recorded. No Bank or Trust Company will loan money on a property without the deed first being of record. Lawyers insist upon it as not only being a matter of personal safety to the owner, but in hunting up a title nothing is easier than to find the chain of title to a property where deeds are recorded. The dangers and expense of unrecorded deeds are many. First if your property burns up and with it your deed and other valuable papers what recourse do you have? The only one open is to apply to the Court by bill to perpetuate testimony of a lost deed, which not only takes time and considerable annoyance but also means large outlay of money, many times more than the cost of placing your deed on record. If deed had been on record all this trouble and expense could have been saved by coming to the Recorder's office, getting the volume where your deed is recorded, and obtaining a certified copy of same. The writer could state quite a number of cases where deeds were mislaid and lost and which were a source of great bother and inconvenience to the owner, but lack of time and space does not permit of it at the present time. But as a warning to all property holders I will say that it is as important to have a deed recorded as it is to have a mortgage or judgment note recorded.

WINTER EGGS

For the largest profit a good proportion of the eggs should be secured during the winter. If two extra eggs per week can be obtained from each hen a good profit can be made, while if the product is increased by only one egg will pay for all the feed the hen eats. It has been proven by poultrymen throughout the country that the surest way to obtain this greater production is to add a little

U. S. POULTRY FOOD

to the regular feed. It strengthens digestion and compels the largest possible assimilation of nutriment which in the food of laying hens serves a twofold purpose—to repair waste and furnish heat to the body and to supply the egg-making materials. It also cures and prevents disease. The following letters demonstrate the above facts.

MANORVILLE, PA., Jan. 15, 1906.

Dear Sirs— I think the U. S. Poultry Food leads them all for to feed chickens. In December I got 168 eggs; and on the first day of January your agent presented me with a package of food, and I started to feed it and in 15 days I got 171 eggs—so by that you can see that they doubled the production. Yours Truly, Harry, Peter.

B. Z. Martin, a farmer, had a flock of several hundred chickens. One after another dropped over and died, his flock having been affected with a severe case of roup. After trying some remedies I offered him U. S. Poultry Food: no cure no pay. His wife picked up some sick fowls and mixed some U. S. Food with a little bran, giving it to the fowls which would not eat any of it themselves, and they got alright: only a few dying after using it. He bought 20 lbs and claims it done his flock much good. He recommends it very highly.

C. W. Zimmerman, a farmer, has four or five hen houses on his large farm. Hearing of B. Z. Martin using U. S. Poultry Food at once took a 25c package U. S. Food alone home. On a certain Sunday morning he picked up a young rooster which was so far gone with roup that he looked as if he had taken no food for several days. He gave him a dose of U. S. at noon again, and in the evening his Mr. Biddy walked around. Soon he sends for \$1.50 worth of U. S. Poultry Food, feeds it, sends for another lot, and the third lot. He claims it is a most excellent food.

Mr. David Solt had a cow which gave bad milk. I sent him a 50c package of U. S. Stock Food. He said that fixed her all right. Thinks it fine. The Poultry Food he says he likes better than any other kind he ever used. I have sold quite a lot of this food and have not had a single complaint yet. Yours Respectfully, John W. Weaver.

The U. S. Foods are guaranteed under both National and State pure food laws, and are fed by more than 20,000 feeders in the state of Pennsylvania alone. Ask your dealer for U. S. Foods. If he will not supply, you write to THE UNITED STATES FOOD CO. PLEASANT CITY OHIO. Also manufacturers of U. S. Louse Killer and U. S. Animal Regulator a worm powder.

SAYS MANY PERSONS HERE CAN BE MADE HAPPY AGAIN.

Tells How Any One Can Prepare Simple Home-Made Mixture, Said to Overcome Rheumatism.

There is so much rheumatism here in our neighborhood now that the following advice by an eminent authority, who writes for readers of a large Eastern daily paper, will be highly appreciated by those who suffer: Get from any good pharmacy one-half ounce fluid Extract Dandelion, one ounce Compound Syrup Sarsaparilla. Shake these well in a bottle and take in teaspoonful doses after each meal and at bedtime; also drink plenty of good water. It is claimed that there are few victims of this dread and torturous disease who will fail to find ready relief in this simple home-made mixture, and in most cases a permanent cure is the result. This simple receipt is said to strengthen and cleanse the eliminative tissues of the kidneys so that they can filter and strain from the blood and system the poisons, acids and waste matter, which cause not only Rheumatism, but numerous other diseases. Every man or woman here who feels that their kidneys are not healthy and active, or who suffer from any urinary trouble whatever, should not hesitate to make up this mixture, as it is certain to do much good, and may save you from much misery and suffering after while. Our home druggists say they will either supply the ingredients or mix the prescription ready to take if our readers ask them.

"As long ago as I can remember my mother was a faithful user and friend of Chamberlain's Cough Remedy, but never in my life have I realized its true value until now," writes Prof. H. A. Howell of Havana, Cuba. "On the night of Feb. 3rd our baby was taken sick with a very severe cold, the next day was worse and the following night his condition was desperate. He could not lie down and it was necessary to have him in the arms every moment. Even then his breathing was difficult. I did not think he would live until morning. At last I thought of my mother's remedy, Chamberlain's Cough Remedy, which we gave, and now, three days later, he has fully recovered. Under the circumstances I would not hesitate a moment in saying that Chamberlain's Cough Remedy, and that only, saved the life of our dear little boy." For sale by The Peoples Drug Store.

DEALING WITH THE CRIMINAL.

Grave Problem That Has Ever Been Before Society.

It is a novel idea that any man over 30 years of age who commits a crime may be set down, as a rule, to be morally bad, with no hopes of improvement. Morality, according to Dr. Belfield, who advances the theory, is the arrest of the instincts by the intellect, says the Chicago Journal. A child is a savage. If he continues to improve slowly he has a chance to outgrow his tendencies before he is 30. If he does not do so, then he is hopeless, and Dr. Belfield thinks he should either be imprisoned for life or else put out of the world altogether.

Civilization growing more and more averse to capital punishment, will never consent to the cemetery outlet thus suggested. But permanent segregation in a penal colony would be equally effective. We do not go so far as Dr. Belfield as to believe that a man over 30 who commits a crime is therefore necessarily a moral idiot. One experience of punishment has been enough for many men past that age.

But when a man is undeterred by punishment and goes on committing one crime after another, then we think society owes it to itself to take stern measures. Such a man should be adjudged a habitual and irreclaimable criminal and removed from society. But, on the other hand, honest men should not be burdened with the cost of supporting him. He should be forced to earn his own living.

Rheumatism.

Does not let go of you when you apply lotions or liniments to your aching joints or stiff muscles. It simply loosens its hold for a while.

Why? Because to get rid of rheumatism you must correct the acid conditions of the blood on which it depends.

Rheumatism is as constitutional as scrofula; all that is local about it is its effect—the inflammation and pain it causes.

Take Hood's Sarsaparilla and Pills—they correct the acid condition of the blood and the defects of digestion, absorption and elimination to which that condition is due.

The cure is radical and permanent. Hood's Sarsaparilla and Pills are better than any substitutes; insist on having Hood's.

HARD LIFE OF BACHELOR SEAL.

Has Nothing Like So Good a Time as Human Counterpart.

"This skin," said the furrier, "came from a young seal bachelor, a youth ignorant of love and of life."

"How do you know?" the lady asked. "By its fineness, its perfection," he replied. "The pelt, you will note, is like closest velvet. Only bachelor sealskins have such a pelt."

"The bachelor seal," he went on, "has a rather sad life. The big bull seals in the seal islands have each a household of 15 or 20 wives, but the young bachelors must herd by themselves. Let one of them attempt to marry, and straightway a bull slays him. Not till he is big enough to fight and conquer a bull—not till he is 14 or 15 years old—can he know the delight of settling down in a home of his own."

"He is not like the human bachelor, the favorite of the chorus girls, the reveler in all sorts of club luxuries; but he leads a hard, ascetic, celibate life, only in the end, as like as not, to make a lady a very fine coat. All the very fine coats, I repeat, are made from the unhappy bachelor seals."

Why Snow is White.

The reason that snow is white is that all the elementary colors are blended together in the radiance that is thrown off from the surface of the crystals, which may be examined in such a way as to detect these colors before they are mingled together to give the eye the impression of whiteness.

The whiteness of the snow is also in some degree referable to the quantity of air which is left among the frozen particles. Considerably more than a thousand distinct forms of snow crystals have been enumerated. These minute crystals and prisms reflect all the compound rays of which white light consists.—Chicago Tribune.

Sartorial Wisdom.

A Manhattan magazine announces upon the authority of the leading writer on men's fashions that "double-breasted trousers" will be the vogue next spring. The same authority is quoted as declaring that "it is now considered good form to line the buttonholes with silk straight to the edge." This oracle has a competitor who also periodically ventilates the ludicrous combined with the incongruous. In an article treating of the approved period of mourning, the rival of the "double-breasted trousers" dictator, prescribed weeds as follows: "Husband for widow—nine months."

FOR SALE—Double set of Yankee harness, nearly new, used very little. Merville E. Stallsmith.

A FLOCK of 100 wild geese lit on the trees on Bear Mountain, near Bendersville one day last week. They were flying too low to get over the hill.

Given Up to Die.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." Why not let it help you? People's Drug Store.

MRS. F. V. TOPPER of McSherrystown ran a nail through sole of her shoe into foot, while walking in her yard, making a painful injury.

ORINO Laxative Syrup is a new remedy, an improvement on the laxative of former years, as it does not gripe or nauseate and is pleasant to take. It is guaranteed at People's Drug Store.

CHARLES BAIR of McSherrystown had his left foot hurt by falling limb in cutting down a tree.

Mr. John Rilla, of Vinmg, Ia. says "I have been selling DeWitt's Kidney and Bladder Pills for about a year and they give better satisfaction than any pill I ever sold. There are a dozen people here who have used them and they give perfect satisfaction in every case. I have used them myself with fine results. Sold by People's Drug Store."

JOHN W. MEALS of Huntington township was sent a real live alligator by his son Norman, who is now in Georgia.

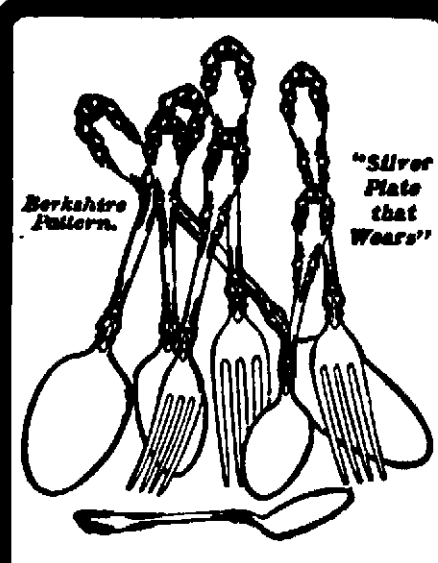

THIS is what Hon. Jake Moore, State Warden of Georgia, says of Kodol for Dyspepsia: "E. C. DeWitt & Co., Chicago, Ill.—Dear Sirs—I have suffered more than twenty years from indigestion. About eighteen months ago I had grown so much worse that I could not digest a crust of corn bread and could not retain anything on my stomach. I lost 25 lbs. in fact I made up my mind that I could not live but a short time, when a friend of mine recommended Kodol. I consented to try it to please him and I was better in one day. I now weigh more than I ever did in my life and am in better health than for many years. Kodol did it. I keep a bottle constantly, and write this hoping that humanity will be benefited. Yours very truly, Jake C. Moore, Atlanta, Aug. 10, 1904. Sold by People's Drug Store."

B. F. GISE, who has been conducting a butchering establishment in New Oxford has removed to his Tyrone township farm.
